Welcome to **OnTime!**

A Hub of Innovative
Companies Delivering Tailored
Solutions to Support Your
Growth & Aspirations.

Life. Simplified.

Founder's Message

To become a successful entrepreneur, you need to have passion and believe that you will succeed, and establish trust in others to believe in you. You must remember that there is always someone better than you around to learn from and exchange ideas with. Gain life experiences and use them in your life's story. You have to learn, read and endure a lot of attempts. Grab opportunities, but always go through them in the right way.

Waleid Bin Abdul Kareim

Founder, OnTime Group

CEO's Message

Success in entrepreneurship begins with clarity of purpose and a deep belief in your vision. Passion fuels the journey, but discipline and consistency are what sustain it. Build trust, not only in your product or service, but in your character, so others are confident in standing beside you and supporting your path.

Stay humble and open minded. There will always be individuals ahead of you who can inspire growth and challenge your thinking. Learn from them, exchange ideas, and continuously evolve. Every experience, whether success or setback, is an investment in your story. Use it wisely.

Commit to lifelong learning. Read, explore, and embrace challenges with resilience. Opportunities will come, but true leadership lies in choosing the right ones and pursuing them with integrity and purpose.

Fatma Abdullah

CEO, OnTime Group
